

How to wash your hands

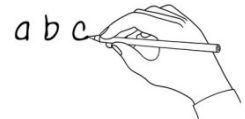

1. Match them up!

Match the words with the definitions.

- | | | |
|-----------|---|--|
| to wet | → | to put water (or another liquid) on something |
| to apply | | the thin, hard thing at the end of your fingers |
| to rub | | to touch two things together, moving in circles or up and down |
| a palm | | the short, thick finger on the side of your hand |
| a knuckle | | to take dirt or soap off with water |
| a thumb | | one of the places on your hand where your fingers bend |
| a nail | | the inside part of your hand (not the fingers) |
| to rinse | | to put on or spread something, for example soap or cream |

2. Where does it go?

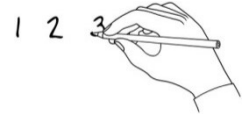

Watch the video. Write these words in the correct group.

wet	palm	soap	rub	knuckle
finger	rinse	thumb	nail	clean

Words for washing	Words for parts of the hand
<i>wet</i>	

3. What's the order?

Watch the video and put the sentences in order.

1
